

Customer Service Inspection Certificate

Name of PWS: MAXWELL WATER SUPPLY CORPORATION PWS I.D. # 028003

Location of Service _____ Acct # _____

Reason for Inspection: New Service.....
 Existing service where contaminant hazards are suspected.....
 Major renovation or expansion of distribution facilities.....

I, _____, upon inspection of the private water distribution facilities connected to the aforementioned public water supply do hereby certify that, to the best of my knowledge:

	Compliance	Non-Compliance
(1) No direct connection between the public drinking water supply and a potential source of contamination exists. Potential sources of contamination are isolated an air gap or an appropriate backflow prevention assembly in accordance with Commission regulations.	_____	_____
(2) No cross-connection between the public drinking water supply and a private system exists. Where an actual air gap is not maintained between the public water supply and the private water supply, an approved reduced pressure-zone backflow prevention assembly is properly installed and a service agreement exists for annual inspection and testing by a certified backflow prevention assembly tester.	_____	_____
(3) No connection exists which would allow the return of water used for condensing, cooling or industrial processes back to the public water supply.	_____	_____
(4) No pipe or pipe fitting which contains more than 8.0% lead exists in private water distribution facilities installed on or after July 1, 1988.	_____	_____
(5) No solder or flux which contains more than 0.2% lead exists in private water distribution facilities installed on or after July 1, 1988.	_____	_____

I further certify that the following materials were used in the installation of the private water distribution facilities:
